

HANDLEBAR

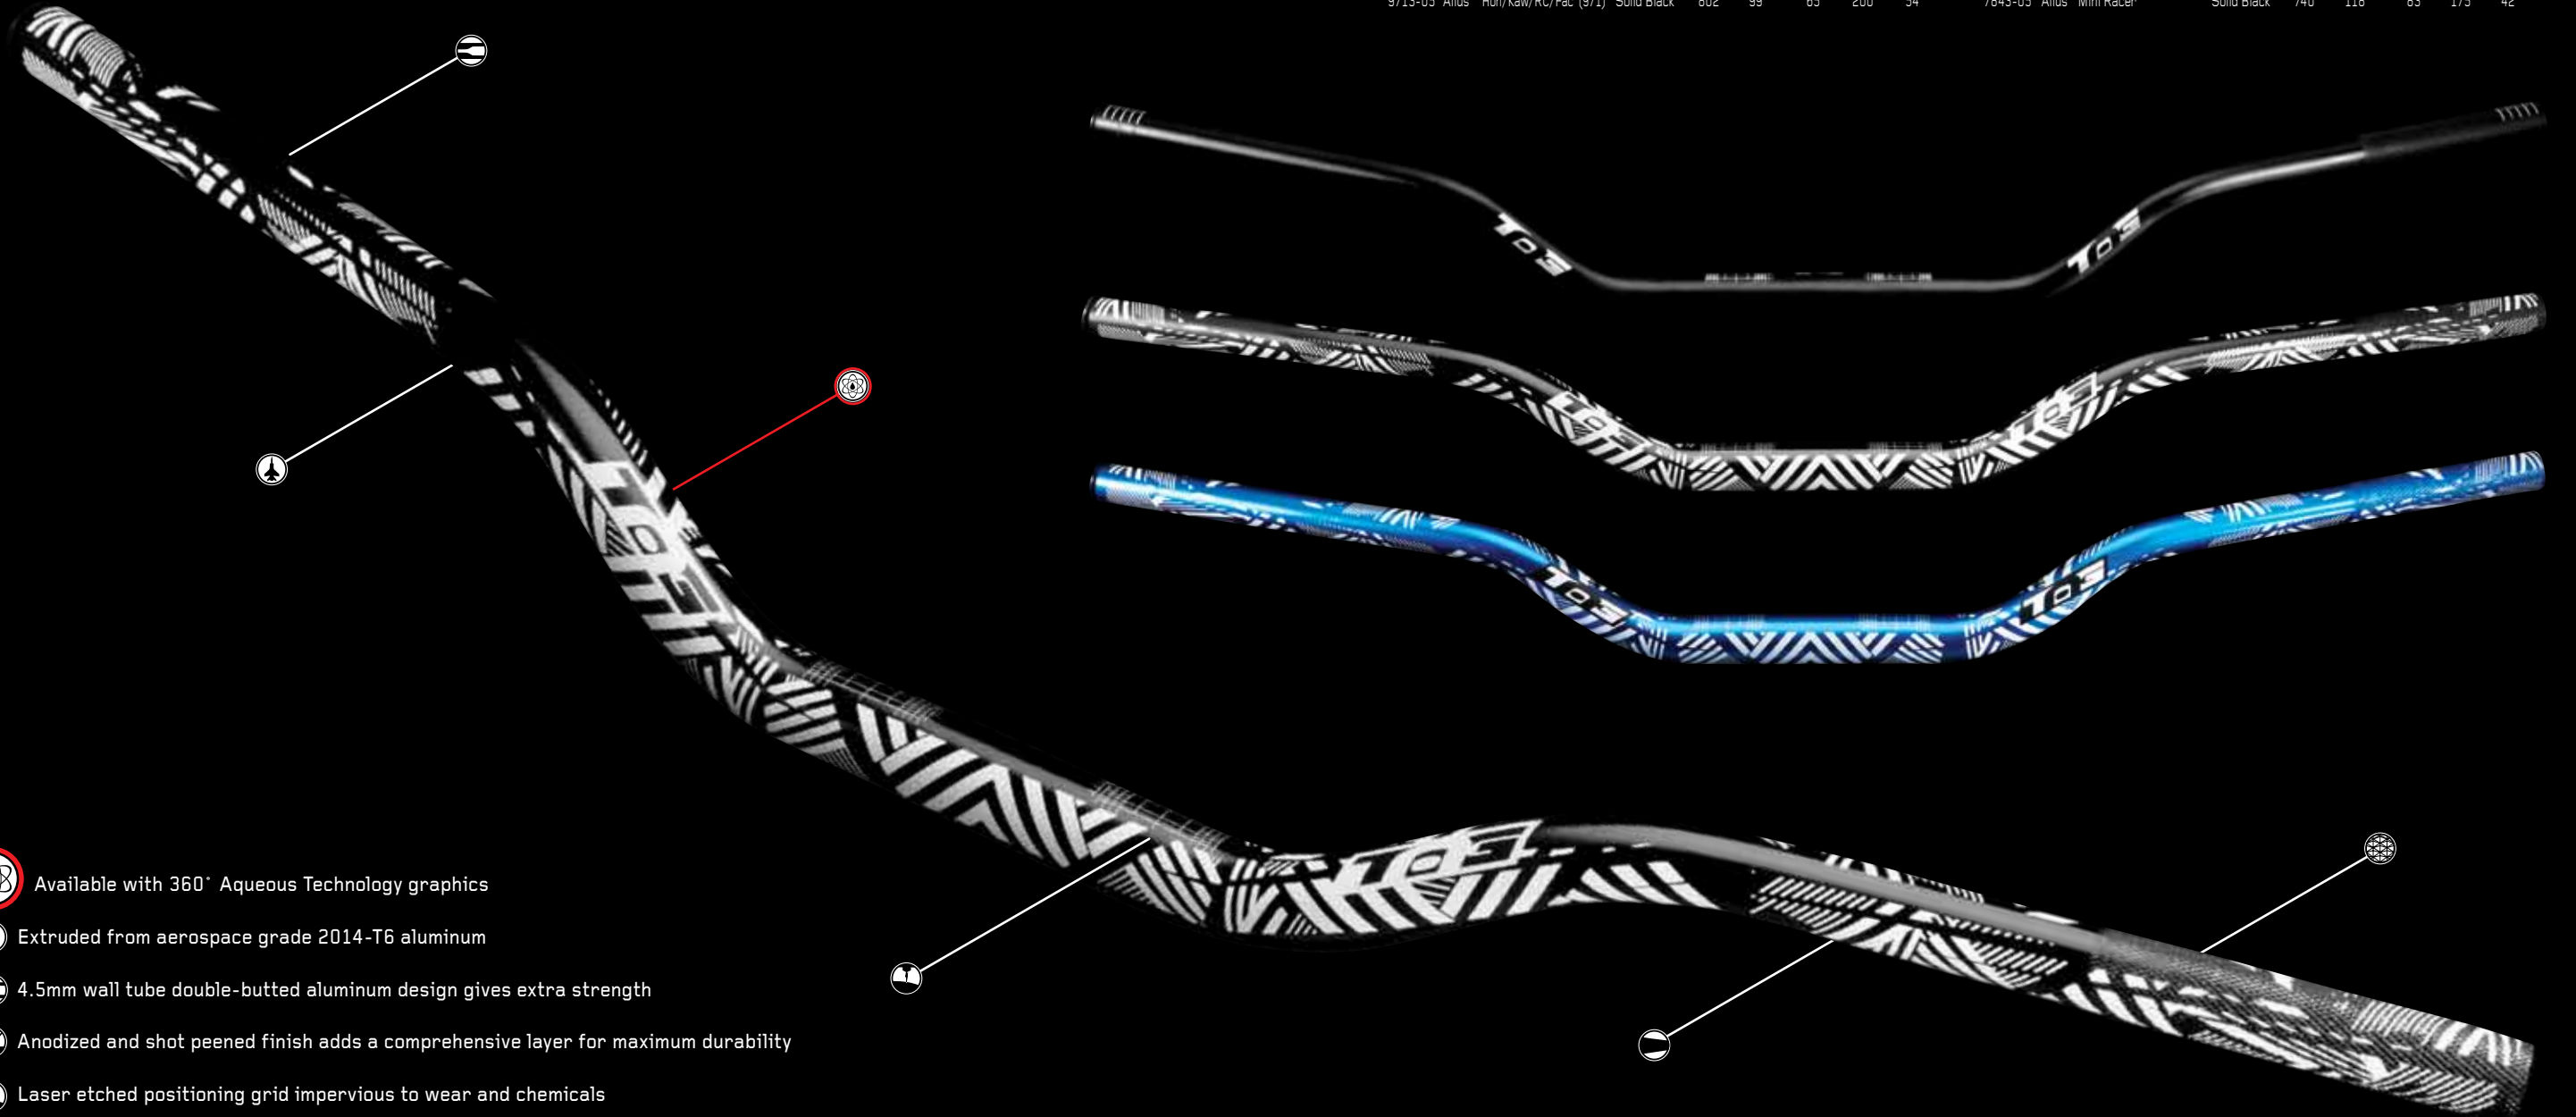

ALIUS

Industry first 360° Aqueous Technology that allows us to FULLY GRAPHIC the handlebar. Features a tapered outer wall that gives you the strength of an oversized 1-1/8" clamping diameter. Built to withstand anything you throw at it with 4.5mm wall thickness and a braceless design that offers excellent strength at a great value.

Available in: **Search & Destroy Black (S&D) Retail: \$79.99**
Search & Destroy Blue (S&D) Retail: \$79.99
Solid Black Retail: \$69.99

-  Available with 360° Aqueous Technology graphics
-  Extruded from aerospace grade 2014-T6 aluminum
-  4.5mm wall tube double-buttet aluminum design gives extra strength
-  Anodized and shot peened finish adds a comprehensive layer for maximum durability
-  Laser etched positioning grid impervious to wear and chemicals
-  Tapered outer wall 1-1/8" to 7/8" for use with standard sized grips and controls
-  Knurled left grip area to help reduce slippage
-  Foam bar pad with vinyl cover included (not shown)
